

**INSEGNAMENTI BANDITI:**

- Modulo didattico 1 (21 ore): Supervised Learning: classification and regression models
- Modulo didattico 2 (16 ore): Unsupervised Learning: from dimensionality reduction to clustering
- Modulo didattico 3 (21 ore): Reinforcement Learning: how to learn from the world
- Modulo didattico 4 (21 ore): Deep Learning: learning from the data without humans
- Modulo didattico 5 (21 ore): MLOPS – how to build a ML pipeline
